

The Africa Series 2010/11

Continuing the ongoing series of mineral exploration activity maps in the African continent, Intierra Mapping will be releasing the latest Africa Series in the latter half of 2010. There are three maps in the series, covering:

Central Africa

Angola, Burundi, Congo, DRC, Gabon, Kenya, Malawi, Niger, Nigeria, Rwanda, Tanzania, Uganda, Zambia

West Africa

Benin, Burkina Faso, Ghana, Guinea, Ivory Coast, Liberia, Mali, Senegal, Togo, Gambia, Cameroon, Chad, Central African Republic, Mauritania

Southern Africa

Botswana, Lesotho, Madagascar, Mozambique, Namibia, Swaziland, South Africa, Zimbabwe

Each map will have a distribution of over 10,000 copies through global magazine inserts, and circulation over 12 months at international and regional trade conferences including Indaba, PDAC, Mines & Money London, Diggers & Dealers. Maps will also be directly mailed to Intierra's private mailing list.

The Africa Series maps are timely marketing tools for mining companies active in the region and for the suppliers and financiers who serve them.
