

## Resource Sector Research and Analysis

With 25 years experience, Raw Materials Group and Intierra Resource Intelligence are the most trusted providers of research projects for governments and mining organisations globally.

### Capability Overview:

- M&A & Project Studies
- Mineral Strategy Policies
- Analysing Investment Trends
- Industry & Commodity Surveys
- Market Development Forecasting
- Exploration & Production Reports

Assisting organisations with exploration and mining investment policy studies, commodity and sector surveys, regional exploration and project reports, production data analysis, ownership and M&A activity plus conceptual and prefeasibility studies. Leveraging the Raw Materials Group and IntierraLive databases to deliver detailed monitoring and forecasting of market development for mining equipment manufacturers and service providers.

### Project examples:

#### Commodity & Trend Analysis

- Junior Exploration Evaluation
- The New Fundamentals: China
- Gold Sector Competitor Review
- Copper Consumption Dynamics
- World Mineral Exploration Trends
- Global Copper Tenement Analysis
- Mining Trends in Russia and the FSU
- The Annual Iron Ore Market Overview
- Capital Raising for Exploration in Africa
- Rare Earths + Metals: A Global Overview

#### Market Studies for Suppliers

- Global Emerging Mines
- Emerging Iron Ore Producers
- Market Outlook for Mining Pumps
- Global Potash Mining + Exploration
- Market Sizing for Mineshaft Equipment
- Global Review of Refineries and Smelters
- Analysis of the Underground Mining Market
- Global Nickel Exploration and Mining Activity

#### Mineral Policy Development

- Resource Sector – Performance Scorecard
- Development of Small-scale Mining in Namibia
- Mining Sector Diversification Programme Zambia
- Metal Stockpiling in Sweden, Finland and Switzerland
- Socio-economic Study of the Finnish Extractive Industry
- Health & Safety and Mining Laws of France, Germany and UK
- African and European Mineral Legislation – A Comparative Study
- Mineral Policy Development for Greenland Home Rule Government
- Comparative Study of Mineral Legislation in Africa, Europe and Asia
