

Intierra Mapping presents

West Africa

Mining & Exploration Activity

Jointly distributed by through

and **Australia's Paydirt**

As part our ongoing series of mineral exploration activity maps, Intierra is proud to announce the production of the 2010 edition of West Africa. This updated version will cover Benin, Burkina Faso, Ghana, Guinea, Ivory Coast, Liberia, Mali, Senegal, Sierra Leone, The Gambia & Togo.

West Africa is recognised as one of Africa's most prospective locations with significant interest from the global mining and investment community researching projects in this area. As previous editions, this map will be highly sought after.
